Portfolio

ABOUT ME

An enthusiastic IT person with the experience of both Front-End and Back-End technologies. Ability to translate business requirements and priorities in systematic and effective way. I am always eager to learn new skills and grow my technical skill set in a team-based atmosphere.

TECHNICAL SKILLS

- **Frontend**: HTML, CSS, JavaScript, React JS, Redux, Next JS, Vue JS.
- **Backend**: Python, Golang, SQL, Node JS
- **Databases**: MongoDB, AWS S3
- **Data Analysis**: NumPy, Pandas, Scikit-learn, Selenium, Beautiful Soup.
- **Tools**: Git, Excel, Postman, Word, Powerpoint.

WORK EXPERIENCE

Front-End Developer.   Feb, 2021 - May, 2021
The Fast Way(Start-up), Mumbai
- Translated UI/UX designs wireframes to actual code that produce visual elements of the application.
- Worked on existing code bases to contribute feature requests in React and JavaScript.
- Monitored the performance of the website and fix usability problems.
- Enhanced browser compatibility.

Developer & Analyst.
Tata Consultancy Services, Mumbai   Feb, 2022 - June, 2023
- Collaborating with users and stakeholders.
- Scraping live data from websites using python, selenium for business purposes and analysis.
- Performing analysis to assess quality and meaning of data.
- Working closely with senior management, partners, clients and technicians.
- Removing corrupted data and fixing coding errors and related problems.

Software Engineer.
Ratham(Start-up), Hyderabad   June, 2023 - August, 2023
- Designed and implemented RESTful APIs in Go, enabling efficient communication between frontend and backend systems.
- Collaborated with cross-functional teams to gather requirements, translate business needs into technical specifications, and deliver high-quality solutions on time.
- Wrote clean and maintainable code, consistently following best practices and coding standards.
- Authored pseudocode and flowcharts to plan complex features, streamlining the development process.
- Utilized Git for version control, ensuring smooth collaboration and codebase management within the development team.
